Graphic Era Hill University on Thursday announced the odd semester results for the BCA students. The students seem to quite disappointed with their results. Around 60 percent of students have stated their marks weren't up to their expectations.

The examination department of GEHU revised its total responsibility related fair marking scheme on Wednesday to more than 1000 students enrolled in the course. In comparison, the students with rural backgrounds with less internet connectivity have suffered a lot.

Students can track their from the Cyborg portal of the university where the information regarding back is available as well.
